

Hedy Singer

Hedy really loved boating and the social interaction at the marina. She and her husband, Mel, joined HCYC in 1986 when Fred Rosenberg was commodore. Mel had just surprised her by buying their first boat, a Hunter 27, and they wanted to interact with others with similar interests. The boat was named NoPhone. It was followed later by an O'Day 32 called NoPhone II.

Their last boat was a Beneteau 36 center cockpit fondly named:

“Hedy de la Mer.”

Hedy was an active participant in running the boats and was always doing what she could to improve her skills on the water. She was quite adept at docking the boat while Mel handled the lines. She was also a gracious hostess at the various on-the-dock club gatherings.

Both she and Mel were active in club activities, especially handling merchandise and t-shirt sales at the regattas and general meetings.

We were sad to have Hedy leave us in the summer of 2014.
